

## 2021 KCI ANNUAL TRAINING

### It's time to Cut the Cord

We are excited to announce our annual training will be held at our Corporate Office & Training Center in Lowell, Massachusetts in 2021. **Our dates for the annual training will be September 20 – 24, 2021.** Please join us for a fast-paced week of learning and discussing KCi products and services, as well as taking a look at some new KCi innovative products for Life Safety.

This course is designed for Federal sites, Municipalities and Corporations that currently have, or are planning the installation of a Kingfisher Company inc. system, as well as Authorized Kingfisher Distributors.

Taught by our factory trained instructors, we review your existing system(s), cover the latest operation maintenance, and preventive maintenance. Kingfisher technicians and engineers answer technical questions and explain the functionality of various components. This environment offers time for visiting technicians to gain experience with the panels, receive answers to questions, and learn the latest in Fire Alarm Reporting equipment and code compliance.

Click the link, [Training Application](#) to register by downloading our digital application. Please email the form to [Sales@kfci.com](mailto:Sales@kfci.com) or fax to (978) 596-0217.

We have secured a discounted rate at the Element Hotel by Westin, please mention Kingfisher Company when you make your reservations:

#### Element Hotel by Westin

25 Research Place  
North Chelmsford, MA  
978-256-5151
